An original "Boulder and Dagwood" strip

DAGWOOD, the unpredictable but ever human character whose escapades all of you laugh about in the comic strips, is the senior class mascot because we feel that he best typifies the fun-loving, independent spirit we hope we have maintained in high school. We are thankful to Chae Young and the King Features Syndicate, Inc., for kindly permitting us to print facsimiles of Dagwood throughout our yearbook.

The Seniors' Story

• • •

All welcome to present the class of 1945 which as the senior class of Manitowish Township High School will regretfully take its last bow at the commencement exercises in June.

As I dwell upon the past quite candidly, I will say that as freshmen we undoubtedly looked prestige. Wide-eyed, we were wholly engrossed in new and bewildering subjects. Then came the biggest blow ever to hit our inexperienced carbuncles—war! In the closing months after that memorable December Sunday we, too, were caught up in the accelerated tempo of the times. No really drastic changes affected our quiet, organized freshman lives, however, until in the course of events all out of step and attired in our best, we marched upon the bitter-sweet Friday day to receive our certificates of promotion—passports to glorious senior life!

As sophomores, my unusual event involving the entire class would have been termed by us a phenomenon. Although the advent of war courses, air raid drills, and scrap collections permeated the school routine, our main concern centered upon the new, demanding subjects that senior high included. Many of us enjoyed participating for the first in the available activities, finding friends among classmates we had known for years and gradually acquiring a feeling of organization which gave our class the faint suggestion of unity. Often we had heard it said that time begins in one's junior year, so at the end of a profitable but unexciting sophomore term, sincere was our hope that this was not propaganda.

With hopeful anticipation we entered our junior year so eager to discover what this year had in store for us that in some classes we may have been deemed "puppy persons." Enthusiastic classmates sifted into all sorts of organizations, literary, athletic, dramatic, or musical, finding outlets for their individual talents and energies. As a class, our first attempt at a graded project resulted in the production of "A Letter to the General." Theatrically inclined students made their debuts before two packed audiences while others filled remunerative small jobs backstage or exercised the art sales talk that set an all-time ticket record for a successful performance. Following the play, our most stimulating assignment was to pen an autobiography. After several desperate attempts we discovered that we didn't know ourselves nearly so well as we thought we did.

While most of us had labored persistently during the summer to earn our share of those beautiful green souvenirs from the U. S. Mint, we looked forward to our senior year and glorified at the mere fact of actually being seniors. The chain of social events began early with the Bearburger Bar-B-Que at which we were the guests of the faculty. Our upcoming senior play, "Parents and Pagals," presented to us a bright aspect upon this year, not only did we cooperate to produce another riotous success, but also proved our earnestness by topping ticket sales of the previous year. Heartened by the outcome of our dramatic enterprises, the class sponsored the Christmas Holly-Hop dance. But with the added fray of our senior year work, too, increased steadily. As seniors we assumed more dominant, responsible positions in school activities. Then there were speeches, more term papers, piles of yearbook work, and not too far in the future—commencement!

We have known the light, gay side of life at Manitowish Township but we also perceived the sadder, more serious phase as time and again, with prayers in our hearts and cheers on our lips, we saw our pals off to the services. In closing, let us say simply, "Thanks to a lot for the unforgettably pleasant memories that we can fondly remember in the madness that is the world today."

Juniors

One of the highlights of the spring events was the junior class' presentation of the three act play "Alibi, Limited" under the direction of Mrs. Dorothy J. Keller. Authored by the eminent playwright Carl Wester Pierce, the comedy was swift moving and quite appealing to the large audiences present on April 13 and 14.

Ken Crothers, a happy go lucky business man, organized a concern whose slogan was "Alibi for anything furnished at reasonable rates." The predicaments in which the corporation's clientele became involved created many hilarious situations, all solved by the tact of Ken's employees. The pleasing climax sent everyone present at the production home with light hearts and carefree disposition.

Paul Herr acted the part of Ken Crothers. Other cast members included Thelma Alexander, Marie Seachrist, Pauline Ness, Phyllis Miller, Doris Miller, Christine Sharpe, Jean Fetter, Doris Markley, Alan Loss, Junior Martin, Robert Herr, William Brader, and Jack Zacker.

Press Club

Throughout the course of the school year from early October, when the Neff-Vue was a haze of unorganized ideas, until late spring, when the editions issued bound and printed from the press, the Press Club worked ceaselessly to gather and assimilate the material on these pages.

Art Class

Composed of art enthusiasts from the tenth, eleventh, and twelfth grades, the Art Class, under the direction of Mr. Frank L. Cole, supervisor, has worked on ceramics, silk screens, ink and pencil sketching, etching, and stenciling during the past year. Pieces of work done by several of the pupils were entered in the Eastern Pennsylvania and Delaware Regional Scholastic Art Exhibition at Philadelphia.

National Honor Society

Sponsoring the tuberculosis campaign, mailing Hi-Lites to alumni servicemen, and assisting with ticket sales at extracurricular functions were among the tasks the National Honor Society undertook throughout the past year. This organization, which aims to recognize and stimulate the qualities of scholarship, leadership, character, and service in the student body, incorporates members of the junior and senior classes who attain these standards.

A black and white photograph of a large group of young women, likely a cheerleading squad, posing in four rows. They are wearing light-colored, possibly white, uniforms. The group is arranged in a formal pose, with some women standing and others kneeling or sitting in the front row. The background is a plain, light-colored wall.

1. The first group of students (Group A) was assigned to the traditional lecture method. They received a 10-minute lecture on the topic of "The Role of the Teacher in the Classroom." The lecture was delivered by the teacher, who stood at the front of the room and spoke to the students.

2. The second group of students (Group B) was assigned to the interactive lecture method. They received a 10-minute lecture on the same topic, but the lecture was delivered by the teacher, who stood at the front of the room and spoke to the students. The lecture was interactive, meaning that the teacher asked questions of the students and encouraged them to participate in the discussion.

3. The third group of students (Group C) was assigned to the small group discussion method. They received a 10-minute lecture on the same topic, but the lecture was delivered by the teacher, who stood at the front of the room and spoke to the students. The lecture was interactive, meaning that the teacher asked questions of the students and encouraged them to participate in the discussion. The students then broke into small groups of four or five and discussed the topic for 10 minutes.

4. The fourth group of students (Group D) was assigned to the small group discussion method. They received a 10-minute lecture on the same topic, but the lecture was delivered by the teacher, who stood at the front of the room and spoke to the students. The lecture was interactive, meaning that the teacher asked questions of the students and encouraged them to participate in the discussion. The students then broke into small groups of four or five and discussed the topic for 10 minutes.

5. The fifth group of students (Group E) was assigned to the small group discussion method. They received a 10-minute lecture on the same topic, but the lecture was delivered by the teacher, who stood at the front of the room and spoke to the students. The lecture was interactive, meaning that the teacher asked questions of the students and encouraged them to participate in the discussion. The students then broke into small groups of four or five and discussed the topic for 10 minutes.

6. The sixth group of students (Group F) was assigned to the small group discussion method. They received a 10-minute lecture on the same topic, but the lecture was delivered by the teacher, who stood at the front of the room and spoke to the students. The lecture was interactive, meaning that the teacher asked questions of the students and encouraged them to participate in the discussion. The students then broke into small groups of four or five and discussed the topic for 10 minutes.

7. The seventh group of students (Group G) was assigned to the small group discussion method. They received a 10-minute lecture on the same topic, but the lecture was delivered by the teacher, who stood at the front of the room and spoke to the students. The lecture was interactive, meaning that the teacher asked questions of the students and encouraged them to participate in the discussion. The students then broke into small groups of four or five and discussed the topic for 10 minutes.

8. The eighth group of students (Group H) was assigned to the small group discussion method. They received a 10-minute lecture on the same topic, but the lecture was delivered by the teacher, who stood at the front of the room and spoke to the students. The lecture was interactive, meaning that the teacher asked questions of the students and encouraged them to participate in the discussion. The students then broke into small groups of four or five and discussed the topic for 10 minutes.

9. The ninth group of students (Group I) was assigned to the small group discussion method. They received a 10-minute lecture on the same topic, but the lecture was delivered by the teacher, who stood at the front of the room and spoke to the students. The lecture was interactive, meaning that the teacher asked questions of the students and encouraged them to participate in the discussion. The students then broke into small groups of four or five and discussed the topic for 10 minutes.

10. The tenth group of students (Group J) was assigned to the small group discussion method. They received a 10-minute lecture on the same topic, but the lecture was delivered by the teacher, who stood at the front of the room and spoke to the students. The lecture was interactive, meaning that the teacher asked questions of the students and encouraged them to participate in the discussion. The students then broke into small groups of four or five and discussed the topic for 10 minutes.

Junior Red Cross Club

During the past year, the thirty three members of the Junior Red Cross Club, all students from the seventh, eighth, and ninth grades, made ice cream picks, stockings, tags, and cards for the Christmas season, besides short story booklets and bedside bags. All of these were used in the various displays. After the holidays, the club worked on articles which were placed in the school yearbook.

Manheim Township's musical endeavors of the year 1945 culminated in the first annual concert held on May 3, 5, 1945, in the high school auditorium. The year's Music Week, presented the talents and efforts of the school's A Cappella Choir, Junior Choral Club, Band, Orchestra, and Glee Club, with Mr. H. Walton Alderfer as choral director and Mr. G. P. Landry, instrumental instructor.

In the Crystal Bowl

Down the cavalcade of years, the topic of crystal gazing has been the subject of intensive discourse. Many theories have been advanced as to the probability of seeing into the future, but eventually they have been discarded because of glaring fallacies. I, myself, am a believer in the inspirational theory, the technicalities of which I will spare you at this time. It is sufficient to say that this theory, above all others, has been generally accepted as the most logical and sensible method of forecasting the future.

Approximately two weeks ago, I was sitting quietly at home while a terrible thunderstorm raged outside. I must have been dozing when I was brought to my senses suddenly with the realization that I was sitting in a different house. I arose quickly, puzzled over how I could possibly have made such a stupid mistake when it occurred to me that I was in an unusually perfect prophetic trance. I was actually living thirty years ahead of myself, the thought of which unnerved me no little bit. Finally, however, deciding that this would be an excellent opportunity to investigate our life thirty years hence, I walked out of the house, only to be confronted by a huge sign which bore the inscription "**Glenn Hart's Helicopter Service.**" In itself, this would not have been exceptionally remarkable, except that the sign indicating the direction to the establishment pointed straight up. Upon closer scrutiny, I discovered a ladder ascending vertically into a low-lying cloud bank. Without further adieu, I mounted the ladder and started to climb. After hours, seemingly, had passed, I found myself headed for a huge building suspended in the air. No sooner had I gotten inside than I heard a spine-chilling scream. Running in the direction from which I came, I found myself face to face with my old school chum **Richard (Jerk) Kauffman**. He had accidentally backed into one of those old style airplanes that still had a propeller on the nose. Fortunately, the motor was merely idling and he received only minor injuries; nevertheless, **Elizabeth Hostetter** in crisp white cap and uniform, rushed to his assistance. We had just started to talk when a beautiful specimen of feminine pulchritude passed us. Dick told me that it was none other than **Dolores Knowles**, Mr. Hart's secretary. Hearing a loud droning, I looked around and saw a transoceanic helicopter bounce to a stop. I walked over to it and discovered that it was piloted by **Richard Souser**. When he saw me, he called his radio

operator to join us. That's right, it was **John Bornholdt**. In the course of the conversation, I learned that **Jacquelyn Milley** and **Frances Wendel** have been serving as hostesses. John persuaded me to fly to New York with him to meet some more of our old friends.

During the trip, I picked up a newspaper which I noticed was edited by the Misses **Mary Lou** and **Patey Hostetter**. Turning to the sports page, I saw that **Alvin Duffey** had written the main feature. Passing over the sports, I came to the funnies, one of which was originated by cartoonist **Saralee Stevens**. Going still further, I came to the fashion and society page. As if I hadn't had enough surprises for one day, I saw that none other than **Marie Sigafos** was writing the "Advice to the Love-born" column.

Feeling a slight jar, I looked up and perceived that we were in the heart of New York City. While I was saying good-bye to Captain Souser, he urged me to stay at Airport Hotel, run by **Kenneth Rogers** and "**Sonny**" **Stoll**. After a warm greeting from Messrs. Rogers and Stoll, I walked over to the information booth and was literally bowled over by the sight of **John Horat** seated at the desk. He told me he had just received a letter from **Roy Eby**. Roy and **Willis Kilheffer** are partners in a tremendous guinea pig farm in Minnesota. I learned that **Robert Albright** has a television tube factory in that vicinity, with **Donald Roberts** his chief engineer. I was rather exhausted from all the excitement, so I went up to my room. Tuning in the radio television, I heard the sweet voices of **Doris Sholtzberger** and **Barbara Cantor**, who are singing with **George Summeragill's** well-known swing band. At the close of the program there was a transcribed advertisement by that well-known commentator on world affairs, **Paul Hostetter**. Sound effects were done, of course, by **Alvin Zarker**. Paul was advertising a cosmetic which was the result of two years' hard work by **Elsie Mae Herr**, **Wanda Myers**, and **Clarabelle Booth**. This cosmetic was then modeled by **Janet Miller**, who even in high school loved to experiment with rouge, perfume, and toiletries. I rang for room service and asked them to send up a chicken sandwich. When the busboy arrived, there was nothing on the plate except a small white pill which had been developed by the chemists **Phillippi** and **Fisher**. The busboy explained that it was a concentrated chicken sandwich.

Reluctantly dismissing all thoughts of sleep from my mind, I grabbed a heli-taxi to Times Square. The first edifice to meet my gaze was a rather impressive-looking night club managed by **Edward Potts** and **John Miller**. At my arrival, the floor show was just beginning. Among the ranks of the chorus girls I noticed **Doris Shenk**, **Mary Shiflet**, **Ann Hurst**, **Edna Rehm**, and **Arlene Stief**. During their number, it occurred to me that **Mary Altdorffer**, debutante of the year, was seated at a near-by table. Deciding to leave soon after, I walked outside onto the thoroughfare. Across the street I was attracted by a neon sign that flashed "**Arthur Bowman** and **John Duffey**, Physical Culture." I entered, and there stood Art giving our old friend **Kenneth Scheid** a vigorous rubdown. Kenneth told me between grunts that he had been talking to **Arthur Reist**, who is now a traveling salesman for **Burton Bowers** Bristleless Brush Company. The principle of these contraptions, it seems, is a closely-guarded secret of the inventor, **Roberta Wendler**, now an up-and-coming woman physicist. John Duffey said he had recently bought his wife a fur coat whose label read "**Reba Longenecker** and **Blanche Lohr**, Fashion Designers." I got the biggest laugh of the day, though, when John also told me that **Ormond Hampton** is running a ballet school. Then I asked Art if he knew where some more of our old classmates are. He said that **Betty Frew** and **Joanne Haines** are doing missionary work over in Africa. It took me a long time to get over that and then the payoff came when he said that **Mary Catherine Heckel** is training to swim the Gulf of Mexico.

Since it was time to close the shop, Art asked me over to his apartment for the night. I agreed when he told me that **Jay Miller**, that well-known stock broker, would be there. When I finally saw Jay, he informed me that he had three of our girls employed as secretaries for the company, **Violet Lefever**, **Phyllis Briggs**, and **Clara Smith**. We decided to have a little celebration for old times' sake, so Jay ordered some ice cream from **Darwin Hollinger's** Ice Cream Emporium and chicken sandwiches (real ones!) from **Ruth Smeltz's** super delicatessen. Darwin delivered the ice cream in person when he found out who the customers were. He in turn enlightened us on the whereabouts of **Esther Landis** and **Barbara Ann Hess**. They've opened up a good old Lancaster County Cooking School out in San Francisco. I was calmly eating my ice cream when I noticed that the trademark on the spoon read "**Donald Leayman**, Silversmith." Jay also told us that **Mary Stadel** and **Shirley Nettke** are policewomen for the New York Police Force and that **Mait-**

land Grill has been appointed head wardress at an institution for delinquent females. Boy! What a screwed up world this was turning out to be! It seemed as if the whole class had migrated to the Big City, all in various professions. In metropolitan New York, **William Andes** has been staging an attack on the appalling degradation of the pool parlor on American youth. Rumor has it that he receives a slight cut from **Leona Dupler** for using her Little Lady Lillian soap boxes. **John Luttenberger**, too, has become famous for one of his inventions. It's a gadget that ties your tie, buttons your shirtsleeves, and laces your shoes in ten seconds flat.

Before Jay could finish what he was saying, an eerie white mist settled down upon us seemingly from out of nowhere. The furniture and all the people in the room except Jay were fading and becoming indistinct before my eyes. Jay seemed to get younger and younger right in front of me. In my efforts to clear this mist from around me, I vigorously rubbed my eyes only to find Jay, now back to high school age, shaking me and telling me if I didn't wake up I'd miss the basketball game with our old rival, Latitz.

We Wouldn't Have Been the Seniors

The boys hadn't pegged their pants.

Bert Bowers hadn't sported those "vivid" shirts.

Betsy Frew had worn the same outfit twice.

We hadn't quaked and trembled for senior speeches.

Artie Bowman had studied for one complete study period.

Wanda Myers had lost her temper.

The girls hadn't vowed to donate fairly sizable mirrors to the lavatories.

Glenn Hart had known his French.

Saralce Stevens hadn't been the life of a party.

We hadn't broken our junior play ticket record.

Father Landis and Barbara Ann Hess had been found apart.

Ormond Hampton had told a new joke.

We had ever hit a Press Club deadline.

John Bornholdt hadn't gotten hoarse at a basketball game.

The P. D. classes hadn't occasionally amazed Mrs. Allick by some brilliant statements.

Marie Signfoos had been inefficient.

We had less than two important meetings every noon.

Mary Lou Hostetter had neglected her homework just once.

We hadn't missed the senior boys who left for the armed forces.

We hadn't occasionally broken a few rules and regulations.

Walter Fisher had driven at 35 miles an hour.

We hadn't waited until the night before to do our English notebooks.

Mary Catherine Heckel had fewer than four boy friends at the same time.

We hadn't rejoiced when semester tests were over.

Bill Andes hadn't argued in trig class.

We hadn't felt just a trifle sad when commencement approached.

Varsity Basketball

The year 1944-45 saw a scrappy Manheim Township basketball team, one of the finest to represent our school in recent years, spring forth from the doldrums where their predecessors had unwillingly languished. The boys faced a tough schedule and though they tasted defeat a little too often, proved themselves more than worthy of sporting the colors of Manheim Township. Despite a plague of ills and injuries and the loss of their captain, Al Duffey, to the Army in the first part of the season, the team played every game with the old never-die spirit.

Sports History

• • •

For the past twenty years Manheim Township High School has set many records and created a reputation in interscholastic sports competition in Lancaster County. The history of the school in years is small compared with the precedents set by the various teams.

Did you ever hear of a track meet in which the winners annexed the victory by a mere fourth point? Well, in 1929 the Manheim Township High School captured the county title in the Lancaster County Junior High Meet by defeating the runner up by the score of $22\frac{1}{4}$ points to 22. That was in the days before Manheim Township had a high school. The following fall the Neffsville School added one grade, the eleventh. Soccer, baseball, track, and basketball comprised the sports roster. Manheim Township High School became an accredited twelve-year high school in the following year when it added an additional grade.

In the second year of the organization of a junior high basketball squad at M. T. H. S., the blue and white dribblers met and defeated the leading junior high school teams throughout the county. The team registered ten victories and no defeats. Again in the season of 1932-33, the junior boys took the laurels in their loop. The fighting quintets from the undergrades won the county championships also in '36-37. In '38-39, the squad took the league title.

The fame of the Manheim Township soccer squads is unsurpassed in the history of the sport in Lancaster County. The booters won their first title in 1930-31. In the '33-34 season, the soccer eleven dribbled and booted their way to county championship. The annexation of the county title in 1934 was the beginning of the team's success. In the following year they captured the county championship. In 1935-36 they won the county title. They won 26 contests, lost one and tied ten. They scored 89 goals as compared to their opponents 25. During the '39-40 season the M. T. H. S. squad was not scored upon in any of the ten games played.

The fighting nines from the Neffsville High School have acquired only one trophy. This cup was won in 1932. The previous season the baseball squad was undefeated; however, they were not in league competition.

Through the passing of the years, much recognition has come to the track and field lads and lassies wearing the blue and white suits. In the senior high track competition, the most outstanding record is the annexation of the Three-Legged Lion's Club Trophy received for three victories in the Lancaster County meets in which all schools participate annually. The M. T. H. S. sprinters and fieldsters copped the new three-legged trophy for the first time in '42. The team which wins the trophy for three times keeps it permanently. Preceding the track season of 1942-43, the senior tracksters were awarded a new trophy in a quadrangular competition. The Manheim Township Junior High School track quints is now a outstanding record. The first team in the county, eighth and ninth grades have won several county junior high championships besides many victories in dual meets.

The sharpshooters at M. T. H. S. boast several trophies received for their excellent marksmanship. The rifle squad has captured the Lancaster County Championship the first time in 1941. In the past few years the team has gained nationwide recognition for its excellence in riflery.

The swimming team from the Neffsville High School took county honors in 1939. The splashers defeated the runner up, the Neffsville High School. The swimmers from M. T. H. S. have taken the title in the county once, scored one. They were a way down the list in water contests last to E. M. H. S. in a recent dual meet.

The blue tunics from Manheim Township battled their way to the field hockey title of Lancaster County in 1939. The plucky girls teams have clubbed their way to many victories, but only one loop banner.

This fine athletic record, won and proven through the years, surely will serve as a constant incentive to future students of Manheim Township.

School Sketches

When We Were Seniors

• • •

We went over the \$2,000 goal for SATO War Relief Campaign to the \$31,622.50 mark.

We had monthly tin can and scrap paper collections.

Students may succeed in our festival to raise funds for next year's football team.

Dewey was elected in the school presidential election. Party signs, leaders, party meetings, trust ball election classes, and a Town Meeting at the Arts Assembly, preceding our national election, added to the interest of the campaign.

M. T. H. S. won the tin can salvage pennant several times for outstanding contributions.

Numerous vacations were enjoyed during the tedious winter months because of inclement weather conditions.

The tenth grade united in one body and elected officers for the first time in the history of the school.

A new activity, the ever-present and hard-working Press Club, was introduced into the school schedule . . . (We're responsible for this!)

Our school was very fortunate to have as its guest speaker by the famous author, Ogden Nash.

The junior representatives won in the Junior vs. Senior-Sophomore Quiz . . . and the losers paid the consequences.

Miss Dorothy Dunlap, our genial seventh grade teacher, felt it was her duty to leave the profession of teaching the molecular substance of our school and join the WAC.

Social dances and snack bars became the front-light features once each month after basketball games.

The tenth anniversary of the school paper, the H-E-T-E, was celebrated by a special issue of the periodical.

A Moxwood Drive was sponsored in February to aid the National Defense Committee in collecting an essential war product.

"Sleeping Beauty" was presented by the Junior Dramatics Club. This was the club's own version of the fairy tale.

Miss Wright's hockey team was the only team in the county to beat the Fritz Pretzel team.

A "Save Food Campaign," sponsored by the nutrition class, introduced another measure in aiding the war effort.

Basketball games, the program, and breath-taking sports events held each Tuesday and Friday evening, were the top-ranking engagements on everyone's roster.

Howe's Titans have once again. Mr. C. C. Ragsdale constituted an interesting assembly.

We received a checkbook from the State Educational Department and the State Conservation of Forests Department to be put to use in our school . . . in honor of William Peace Day.

Plans were initiated for a memorial in recognition of the fighting sons of M. T. H. S.
